

Twist

Necta

Design and user interface

- Elegant and uncluttered design.
- Capacitive keyboard and TFT display 4,3" capable to feature spot, adv and nutritional facts.
- LED lighting of the white cell for a maximum visibility of the displayed products.

Maximum flexibility

- Up to 7 trays which can be easily moved thanks to Vertical Flex (V-Flex) system.
- Space optimization inside the cell.
- Twist benefits of more space between the trays and the glass window, so that it is possible to dispense non standard packaging, such as salads and ready to go meals.
- Wider delivery bin.
- Enhanced ETL trays.

High energy efficiency

- C class according to EN 50597 scale.
- Perfect insulation of the cabinet.
- Cooling unit with R290 gas.
- High energy efficiency and dramatic decrease of pull down time.
- Twist can manage up to three temperatures inside the cell or can be set with a 100% Food or Ambient layouts.

Electronics

- Twist is compatible with Newis solutions.
- With Breasy it is possible to select and pay for your product in a completely touchless mode (with Hi! Platinum Executive).
